- Please **email** all quotations to the above email addresses clearly marked "E-rate bid."
- All quotes must be submitted with the understanding that implementation may be dependent upon:
 - E-rate funding approval by the SLD
 - Enrollments
 - Existing budgetary requirements
- The following specifications are to be used as *guidelines* in quoting a solution. Although specification changes are permitted, *the quality of the product/service requested must be based upon industry standards **at time of delivery.***
- The items requested within this RFP may or may not be USF eligible. All non-eligible products and services must be itemized. Please use the 2023 USF Eligible Services List located on the USAC website (<http://www.usac.org/sl/>) for guidance. If requested, the vendor will complete the SPI (Form 474) application. It is the vendor's responsibility to understand and comply with all rules and procedures required by the Schools and Libraries Corporation and the Universal Services Fund.

- The Board reserves the right to:
 - Reject any or all bids without assigning any reason thereto

Bid Evaluation

Although the cost of the product/service is of primary concern, the ability to accommodate growth and change and the total cost of operation (TCO) within the district are, in many ways, more important. **Do not assume the lowest bid will be awarded the project.**

To achieve this goal, bids will be evaluated on several factors.

- Prices/charges
- Prior experience
- Understanding of needs
- Financial stability
- Personnel qualifications
- Comply with the spirit of the district's long-range technology plan
- Compatibility with district hardware/software standards as set forth within district's long-range technology plan
- Provide lower long-term cost of ownership
- Ability to upgrade and adapt to technological advances
- Completeness of response and adherence to bid specifications
- Summary of project implementation plan
- Capability of the bidder to successfully complete the installation within the required timeframe
